FINANCIAL AND COMMERCIAL

FRIDAY, June 6-6 P. M. There is very little doing in money. Call loans are quoted 3 a 5 per cent, first class commercial aper 4 a 6, and certificates of public indebtedas, one year to run, at 6 per cent interest, 100%. A sudden though not unexpected demand for green backs arose to-day, and they advanced to 014. They are receivable for duties, and in this

respect equivalent to gold.

Foreign exchange advanced to-day to 114% a 15 for sterling, and 4.93% a 4.91% for francs. The advance is due to the advance in gold. Mercantile bills continue scarce. Dealers and buyers of ex-change are all speculating as to the period at hich cotton will commence to come forward.

As was to be expected after the buoyant and etive market of the past few days, stocks were as excited to-day, and at the first board prices were irregular. Governments, Pacific Mail, Hud-non, and the Michigan shares were steady; but Central, Eric, Rock Island, Toledo and Illinois Central were all 1/4 a 3/8 lower than at the close yesterday. Some parties are realizing the profits ey have secured on the advance of the past few days. Of Central and Eric especially the sales were very heavy this morning. Both stocks found a ready resting place, and orders which could not be executed last evening were filled at this morning's decline. At the close of the board the market showed more indications of strength, mainly in consequence of the news from the Mississippi. Between the boards there was no business done, and no stocks offered. At the second board there was very little change, but there was less disposibuy. At the close the market was dull, the following being the last quotations:—United States 6's, registered, 1881, 102% a 7/4; do. 6's, coupon, 1881, 105% a 106; do. 5's, do., 1874, 95% a Tennessee 6's, 59% a 60; Virginia 6's, 57 ; North Carolina 6's, 73 a 74; Missouri 6's, a 3/6; American gold, 104 a 3/6; Pacific Mail, 116¼ a ½; New York Central, 91½ a ½; Erie, 38¼ a ½; do. preferred, 66 a ½; Hudson River, % a %; Harlem, 14% a 15; do. preferred, 36% a Reading, 521/a 3/4; Michigan Central, 643/4 a Michigan Southern and Northern Indiana, 27 do. guaranteed, 58 a 1/4; Panama, 132 a 1/4; Hinois Central, 63% a 64; Galena and Chicago, 70% a 71; Cleveland and Toledo, 45% a 5; ago and Rock Island, 64 a 1/4; Chicago, Buron and Quincy, 76 a 1/2; Milwaukee and Prairie du Chien, 27½ a 28; New York Central 7's, 876, 107 a —; Illinois Central bonds, 7's, 95 a ½.

The Michigan Southern Company have already tained subscriptions to the amount of \$600,000 the purpose of taking up and paying off their erdue first mortgage bonds. They want to raise 00,000 more; and if the stockholders and bondrs in the concern are wise they will make this amount. The total amount of overdue st mortgage bonds yet affoat is about a million and a half. They are worth about par, and cannot rise higher because the company has the right of paying them of at par at any time. Hence they keep the sinking fund bonds which come after them at a discount, when all other bonds of same class are-worth 5 a 10 per cent premium, ctually prevent the payment of dividends the stock. If they were paid off the sinking fund bonds would become a first mortgage on the whole line of road, limited to \$10,000 a mile or thereabouts, and would soon sell as well as other first class bonds. The holders of the sinking fund bonds and preferred stock will clearly promote their own interest and make money by subscribing the amount required to pay off the old first mort-
